

We believe in an education that cultivates character and develops core competencies that will enable students to succeed in a **pluricultural** world.

Our academically rigorous and plurilingual curriculum is based on French programs administered by the Ministère de l'éducation nationale since the early 19th century.

The curriculum teaches discipline-specific foundational knowledge and skills, interdisciplinary thinking, gestalt understandings, and communication and relational skills. This solid base of knowledge and competences enables authentic connections to one's mind and heart beyond their dominant linguistic and cultural tradition. LFT graduates are tomorrow's leaders and community builders.

About the LFT

-  Founded in 1995
-  Accredited by the AEFE
(French Educational Network Abroad)
-  500 students
-  49% Male / 51% Female
-  3 to 4 languages spoken
-  30% French
-  60% Canadian
-  10% other nationalities

Cultivating Pluricultural Citizens of **Character** and **Courage**

Our teaching and learning approach places a strong emphasis on in-depth learning and bilingualism from Kindergarten onwards. Year after year, our students develop both their personal and social skills as well as their intellectual curiosity.

LFT Students deepen their knowledge in academic subjects through instruction and numerous cultural projects. They challenge

themselves through the discipline of 2 exam preparations to be courageous and confident in their pursuit of hard-earned academic honours (DNB in Grade 9 and the Baccalauréat in Grade 12). The academic, linguistic and interpersonal skills, acquired through a rigorous curriculum in a pluricultural context, provide our students with the confidence to pursue their studies all over the world.

Languages

From Kindergarten, all core subjects are taught by native French teachers. A rigorous English course is also being delivered daily by native English teachers. As a result, our students are bilingual.

Students begin studying a 3rd language in Grade 6 and also have the additional choice of studying a 4th language in Grade 10. Language learning at the LFT is based on the Common European Framework of Reference for Languages (CEFR) and the students can take language certification exams based on their level (DELE, ZD, CILS, HSK).

School Life Engagement

In High School, the school days at Lycée Français de Toronto run from 8:30 AM to 6:05 PM, representing up to 40 hours of instructional time and the corresponding homework. Nevertheless, students are given the opportunity to take an active role in the life of their community by becoming each year one of two class representatives, being elected onto the School Council (CVL), participating in some clubs: Maths club, Media club, Astronomy club, etc.

Grades 9 & 10

Grade 9 (troisième) is the final year of middle school (collège) that formally concludes with Le Diplôme National du Brevet des Collèges (DNB) that is awarded following a series of culminating national examinations that students sit.

In Grade 10 (seconde), the transitional year that precedes the Baccalauréat, student develop their autonomy and explore their interests before choosing their specialization.

Students in Grades 9 and 10 take a common core of courses and have the option to further extend their studies to include additional courses (language, Latin, cinema studies or fine arts). Students also have the option to further enhance their courses taught in English by selecting the American International Section.

Courses	9	10	11	12
French	5	5	5	
English	5	5	5	5

The Baccalauréat: Grades 11 & 12

Grades 11 (première) and 12 (terminale) are the final years of the French curriculum. Together they determine the Baccalauréat final mark. Mandatory courses include common core subjects as well as the specialties chosen by the student (three specialties in Grade 11 to two in Grade 12) that will provide rigorous discipline-specific preparation for university level studies.

Students continue to have the option to take on additional electives to supplement their learning experience. The American International Section is also an elective open to all students interested in deepening their understanding of Literature, History and Geography.

Baccalauréat results since 2016

Year	# students	Passing	High Honor	Highest Honor
2016	24	100%	46%	33%
2017	28	100%	25%	36%
2018	23	100%	26%	22%
2019	42	100%	29%	38%
2020	30	100%	13%	54%
2021	21	100%	33%	62%

Grading

Academic achievement in the French system is graded on a 0 to 20 points scale.

Students are assessed according to the skills needed to demonstrate proficiency in their specific disciplines. Written examinations call for essay responses and problem solving and rarely on multiple choice answers.

The academic year is divided into three terms. A grade is assigned at the end of each term and the

average grade across all three terms determines the overall achievement for that year. The Lycée Français de Toronto neither calculates nor publishes class rankings.

FRENCH GRADE	17.5+	17	16	15	14	13	12	11	10	09	08	07	06
CANADIAN GRADE	100	98	94	90	86	82	78	74	70	66	62	58	54
US GRADE	A+	A+	A+	A+	A	A-	B+	B	B-	C+	C	C-	D+

Academic Qualifications for Post-Secondary Studies

The Baccalauréat is the diploma that LFT students obtain after completing secondary school education and serves as the students' academic qualification for post-secondary studies. A student's achievement on the Baccalauréat is determined by a mix of national final examinations, exams given over the course of Grades 11 and 12, and students' annual averages. Final exams, both written and oral, are evaluated by official examiners. One of the hallmarks of the Baccalauréat is Le Grand Oral, an oral defense of an inquiry research project related to one or both of their Grade 12 specialty courses.

Many universities across the world recognize the Baccalauréat as an advanced secondary school curriculum. Students applying with Baccalauréat credentials secure admissions to even the most selective universities and university programs and many universities grant students up to a full year of advanced standing.

GRADUATE PROGRAM OF STUDY (2016 TO 2021)

GRADUATE DESTINATIONS (2016-2021)

AEFE Network

The World's **Largest** Educational Network

522 schools
139 countries
370,000 students

A **High-Quality** Environment

-  **6,500** qualified staff members on transfer from the French Ministry of Education to the AEFE
-  **15,000** locally recruited staff members
-  a targeted and **selective recruitment** policy
-  an effective **assessment system**
-  an ambitious **training program**: 900 training sessions for 33,000 trainees per year

School **Accreditation**, A Seal Of Quality

Accreditation by the French Ministry of Education certifies that the teaching provided by the school complies with the demands, curricula, teaching objectives and organizational rules of the French Ministry Education system.

All students from accredited schools can pursue their education in another French school.
